The Region of Western Macedonia covers a total surface of 9451 km², 7.2% of country's total. The nature of the region is mountainous, while Aliakmonas travels down through it. The Region of Western Macedonia is situated in the northern part of Greece and borders with Albania and FYROM. It is the only region without sea coast. Western Macedonia is divided into the regional units of Grevena, Kastoria, Kozani and Florina.

The productive character of the area is still determined by the energy industry and secondarily the fur industry. However, the virgin and still underexplored landscapes provide a fruitful ground for tourism to develop.

Gs furs was founded in 1992, having as main activity the processing and alteration of mink fur pieces. Since 1997, the company was oriented towards prefabricated products and the production was mainly focused on mink tails. In 2002, we changed the material used for the production of furs to a secondary leather-type product.

Since 2007, GS Furs has first started using Lynx skins for production. Lynx fur is considered one of the most elite. Products made from this fur are unpretentious and durable, especially in difficult climatic conditions where it is difficult to heat up. The combination of Lynx with Black Glama and Nafa has produced great results. Durability, comfort, beauty, strength combined with softness and tenderness. All of this is characteristic of the production of the GS Furs.

Chinchilla Farm Devliotis

Our practice started in 2014 by importing Chinchilla animals from only the best Danish breeders.

Our breeding is based on technical specifications which is applied in accordance to European standards.

Our main focus is to provide a small quantity of skins but of the very best quality possible.

Proof of this achievement of distinction, can be seen as our very first participation in Copenhagen fur auctions, that have placed our skins at the very top lot of the that list.

KN FURS is a company which activates in fur business and is seated at Kastoria. It was founded by Nikos Karanikolas, who since 1983 is an active furrier. Today, his company is considered evolutionary and particularly dynamical. The knowledge, the techniques and the secrets of fur processing are a bequest, because Karanikolas' s family deals with the fur industry since 1967. The company preserves intact the tradition in the art of fur. However its main target is to evolve new technological trends for the fur process. This factor as well as Mr. Karanikolas' substantial training, his deep knowledge of creating furs and his years of experience in this field, is what has made the company successful until today. Since April of 2011 KN FURS is situated in owned facilities (1500 square meters) in Kastoria. There, are housed the exhibition hall and the craft workshop. Our facilities have art machinery as befitted to a modern fur company worldwide known. Our purpose is to ensure the best quality of fur and to maximize the production.

The history and activity of the CUBANIS firm began in 1912, in the most important center of the European fur industry, the city of Kastoria in Greece. Since then many things have changed. The Coubanis family, furriers in the fourth generation, with their accumulated knowledge and experience of so many years and with the sense of responsibility for the brand name and the reputation of their business, is constantly developing the family tradition, in regard of the creation of fur clothing and the international trade.

There is a constant presence on international trade fairs since 1980. This way the Cubanis Collection studies the international market and contributes to the forming of new fashion trends in the fur business, as far as design, colors and market demand-interest is concerned, thus covering the needs of the international market with furs of high standards of the arts and crafts of Kastoria. Direct communication with our clients is a very important factor and through this we achieve the best co-operations.

My name is Vasilis Papazoglou. From a young age I worked in the fur industry, but at the same time I was engaged in amateur photography.

I have been a member of the Photography Club of Kastoria for years. I have attended many seminars of well-known Greek photographers. I have participated in many group exhibitions of the club. I also have held three individual photography exhibitions and my photos have been awarded in competitions.

I have finished the "Art of Photography" department of the DIEK Kastoria.

For the last 15 years I have been exclusively engaged with "artistic photography".
